Outstanding! If your noticing them in sure many others are as well.

During the next two months, we will be deploying several more Footbeat Units on the Westside of the Division, particularly on Thursdays, Wednesdays and Saturday's. The Summer months were problematic last year and we are trying to be proactive.

Enjoy and thank you very much for your email.

Captain Howard Leslie  
Commanding Officer, Central Area  
Los Angeles Police Department

Dear Capt Leslie,

I've noticed foot beats on Spring, Broadway and Hill.

You always hear from me when I have concerns, so it's important for you to hear from me when I see improvements, too.

Thank you, very much!

Hal
